Meet the Members

Hi All,

As you can see, this photo is of me and Angel. Angel is the prettier one of the two of us. Angel and I have been on several rides and we are learning about each other. She has been very patient with me so far, and I haven't done anything to piss her off yet, but I'm sure she'll let me know when I do.

I got into riding because it was a lifelong dream to do so; but I kept putting it off until now. I hope to be taking Angel and myself off camping and hiking to many different places. There is a lot in the United States that I want to see.

As you can see in these other photos, my family is very important to me. We recently went to Connecticut for an ice hockey tournament in which I FROZE my butt off!! The countryside was beautiful. When we arrived there was very little snow on the ground, but as we were leaving to come home, we hit a snow storm. Luckily I got to see NYC before it started to snow on New Year's Eve. That trip makes me realize that I want to tour that part of the country the most.

The photos that you see are my niece and nephew, Cayla and Ryan. Cayla's the one that is the hockey player. I also have a 15 year old nephew, Nick, that plays hockey and travels all over the US and Canada. I have gotten the opportunity to go to many of their hockey tournaments in different parts of the country and Canada in the past.

When I am not riding Angel, I enjoy watching hockey and football. I also love to read.

Looking forward to many more rides, and meeting many new friends that share my love of riding.

Happy New Year. See you on the open roads.
